NONCOMPLIANCE SUMMARY

Violation Number

Nature of Noncompliance

- | | |
|----|------------------------------------------------------------|
| 1. | Tested positive for methamphetamine. [18 U.S.C. § 3583(d)] |
|----|------------------------------------------------------------|

On April 25, 2006, Vicente Perez tested presumptive positive for methamphetamine at the drug testing vendor. The sample was sent to Scientific Testing Laboratories, Inc., because he denied use of illicit substances. On April 26, 2007, Mr. Perez reported to the U.S. Probation Office as required and met with U.S. Probation Officer Robert I. Carreon to discuss his noncompliance with drug testing. Though he denied use at the drug testing vendor, Mr. Perez executed an admission form, admitting to using "meth" on April 25, 2006. Mr. Perez expressed remorse for his violation and stated he will refrain from future illicit drug use.

With the exception listed above, Mr. Perez has tested consistently negative for illicit drug and alcohol use and has been compliant with his mental health treatment program, which focuses on family therapy issues. In addition, he is gainfully employed as a laborer with a construction company. Mr. Perez has a balance of 53 hours of community service, with the last performance on April 28, 2007. Furthermore, he paid his special assessment fee on July 15, 2003, and submitted to a DNA sample of his blood on July 5, 2006. As a result of his positive drug test, he has been regressed in the substance abuse treatment and testing program.

This report is submitted for the Court's information only, and no action is requested at this time. Mr. Perez has been warned that sanctions will result from any additional violations. His compliance will be closely monitored, and any subsequent violations will be reported to the Court accordingly.
